

TRCNA Newsletter - a monthly publication

February 5, 2013

## Greetings!

Welcome to the seventh monthly edition of the Turkish Resource Center of North America's newsletter.

Currently, we are finalizing our project with the Turkish Electro-Technologies (TET) association, to bring a delegation of 10 Turkish wire and cable manufacturers to meet with US manufacturers, distributors and end-users of cable and wire. We still have openings for interested US firms to meet with the TET group in New York, March 18-19 and Chicago, March 21-22. Please pass this information along to your networks if you know of anyone that may benefit from building new partnerships from Turkey-based wire and cable manufacturing companies. Contact Alyssa Roland at [a.roland@primacivitas.org](mailto:a.roland@primacivitas.org) for more information.

Please [contact us](#) if you would like to learn more, or if you are interested in becoming involved with TRCNA. [Like us on Facebook](#) to receive Turkish news and TRCNA updates.

Sincerely,

**Nurten Ural and Steve Webster**
